

A photograph of a wooden deck made of WPC decking. The deck is made of light brown, wood-grained planks. In the background, there is a wicker chair and a small black metal table. To the right, there is a large potted plant with red and yellow flowers. The deck is bordered by a black metal railing and a wooden fence.

Specification

WD1 Series

ITEM	WPC Decking
Length	2900mm
Width	140mm
Thickness	25mm

Advantage

Water Proof

WPC Decking has the advantage of being waterproof and moisture-resistant, addressing the weakness of traditional wall panels that are susceptible to water.

Diverse design options

Offer a wide range of textures and colors suitable for various interior design styles, meeting diverse needs.

Easy to clean

The surface is smooth and easy to clean, preventing the accumulation of stains.

Easy to Install

Installation is convenient, saving a considerable amount of time and money
